BAMBOO POWER BANK
INSTRUCTION MANUAL

PLEASE READ ALL INSTRUCTIONS CAREFULLY AND

RETAIN FOR FUTURE USE

This is what you need:

- USB Cable (included)
- USB Adapter or power supply (not included)

Product description:

This Power Bank has a housing made of bamboo material. The power bank is equipped with LED indicators that show the current energy level. The power bank comes with accompanying cables. The power of the power bank is sufficient to fully charge a mobile phone up to two times once fully charged. The housing of the power bank is made of sustainable bamboo.

This is how to charge it:

Plug one end of the USB cable into the power bank and the other end into the power supply. The power bank is now charging. The flashing LED lights indicate how full the power bank is. The power bank is full when the lights stop flashing.

This is how you set it up:

For best results, make sure the power bank is fully charged before use. Connect the power bank to the power supply to see the current energy level. Plug the USB cable (included) into your phone and into the power bank, to easily charge your phone.
